

## World TB day

March 24<sup>th</sup>, 2022 – World TB day, was celebrated at the OPD foyer by the 2<sup>nd</sup> year B.Sc. Nursing students of St. John’s College of Nursing, by raising awareness about tuberculosis to the public. The theme of the day “Invest to end TB, save lives” was revealed. The students used various techniques like roleplay, mime and street play to simplify the causes, signs and symptoms of TB and disseminate the information regarding prevention, treatment and management of TB. The students also emphasized about the government schemes that support patients with TB. Dr. Rashmi Rodrigues, Asso. Prof. Dept. of Community medicine was the chief guest of the day. She addressed the public and reiterated on the prevention and management of TB. She also spoke about government schemes and the importance of community support to patients suffering with TB.

Fr. Jesudoss Rajamanickam, ADF, SJNAHS, Dr. Arvind Kasthuri, CMS, SJMCH, Sr. Ria Immanuel, CNS, SJMCH, Prof. Reena Menon, Principal, SJCON graced the occasion. The programme came to a close, with a display of educative posters regarding TB in the OPD foyer. Fr. Jesudoss Rajamanickam, inaugurated the poster exhibition.
