The St John's Geriatric Center

A Ray of Hope for the Elderly

“My Mother had a surgery and we found it difficult to care for her after the hospital discharged her....till she fully recovered..”

*Then a friend told me of **St John's Geriatric Center** - a healthcare centre **exclusively for healing, rest and rehabilitation of the Elderly***

What a Godsend for my family and my Mother.”

www.stjohns.in

St John's has been working with the Elderly over the past 15 years, delivering community and hospital-based services.

This experience will be used in designing the St John's Geriatric centre. The centre will be an integral part of the St John's campus, and will stand as a mark of respect and care for the Elderly

1 Million elderly*

in Bangalore

Come

help build the St John's Geriatric Center
Brick by Brick

WHAT is the ST JOHN'S GERIATRIC CENTRE?

The ST JOHN'S GERIATRIC CENTRE is a facility exclusively for Elderly persons on the St John's campus, with the following functions:

- A Centre for short stays of upto 4-6 weeks, run by a dedicated team of Nurses, Physiotherapists and Rehabilitation professionals working with skilled Physicians of St John's Hospital.
- A Community hub for the Elderly and their caregivers, with programs of education and empowerment
- A base for Training and Education on Elderly care
- A Centre for Research on Geriatrics and Aging.

Why the Elderly?

THE ELDERLY are a LARGE (130 million plus) and GROWING population (~9.8% currently, expected to reach 20% of the population in India in 2050), with a poorly developed healthcare service designed exclusively for them. Concepts like Geriatric Nursing homes, Assisted Living centres, Skilled Nursing facilities and Geriatric Rehabilitation units are well defined in the West, but have yet to find a place in the Geriatric healthcare landscape in India.

WE INVITE YOU to help us build the St John's Geriatric Centre "BRICK BY BRICK"

**WE AIM TO RAISE A TOTAL OF ₹ 20 CRORE
(\$ 2.64 MILLION) TO BUILD THIS UNIQUE CENTRE**

Why St John's?

**Any donation is welcome,
each brick is valued at
₹ 1Lakh, \$ 1350**

**Donors of bricks will be
acknowledged on a donor
facility at the Centre.**

**Donors of 5 bricks will have
a uniquely designed Slab
named after them, Donors
of 10 bricks will be
honoured with their names
on an elegant Plaque**

***Please contact us for unique naming privileges on
contributions of 100 bricks and more. We aim to raise a total of
2000 bricks to begin with.***

700,000 Outpatients /yr

St John's National Academy of Health Sciences was established in 1963, with a mission to reach the medically underserved. Today, St John's is consistently ranked among the top 10 medical colleges in the country, training doctors, nurses, allied health professionals and a host of others in pursuance of its core mission.

**High quality yet
affordable care.**

1350 Beds

58,000 admissions /yr
